

Bilfinger Berger Capital Markets Day

Building construction and Facility Services in Germany: Two strong players and a joint market presence

Herbert Bodner, CEO

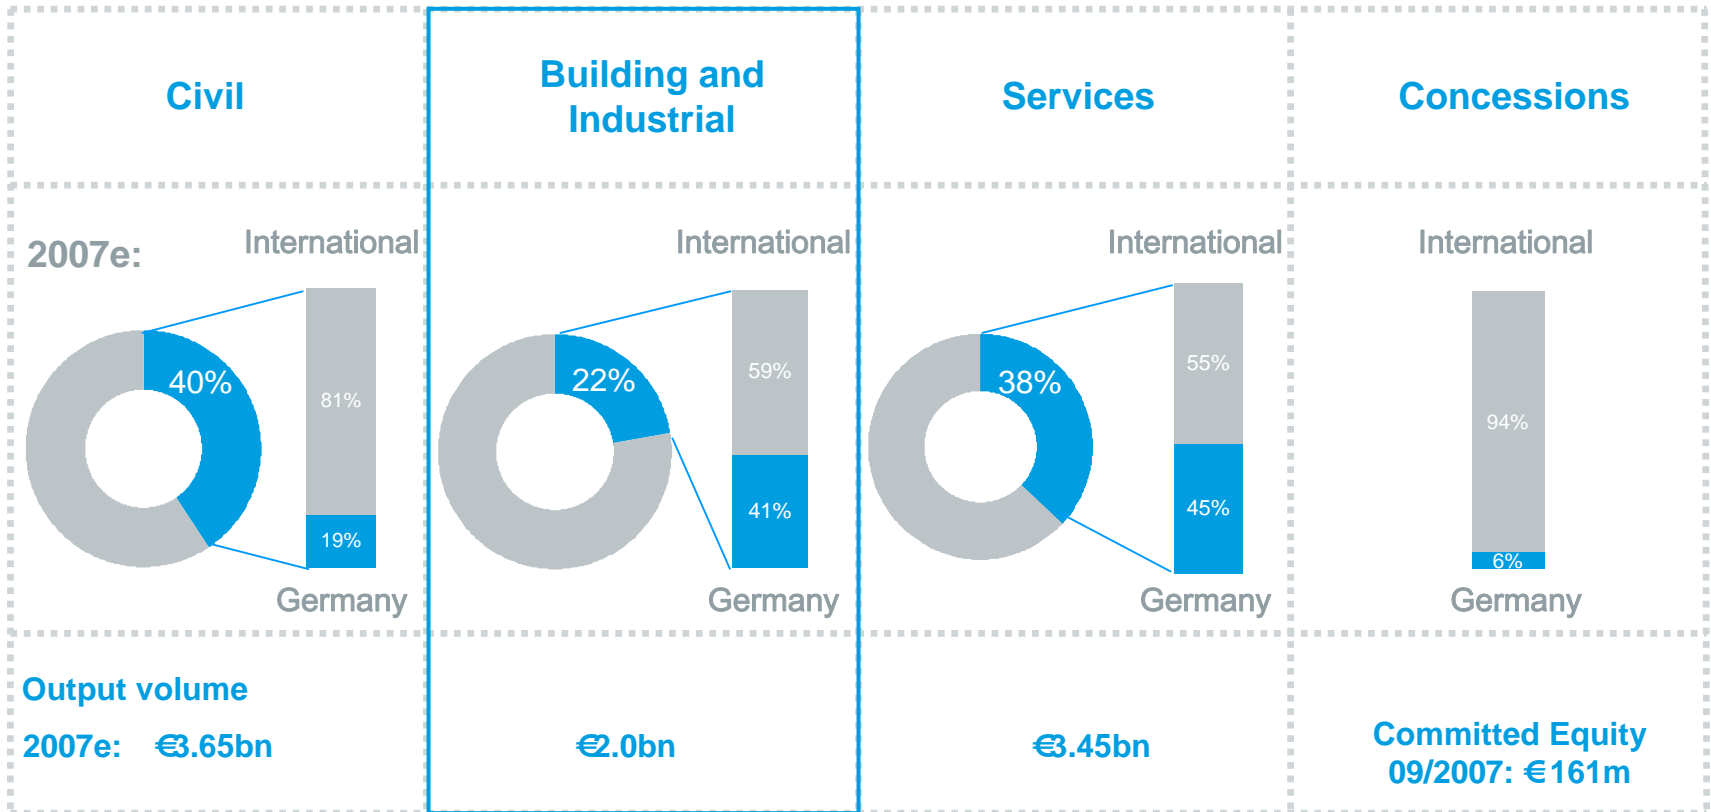

November 22, 2007

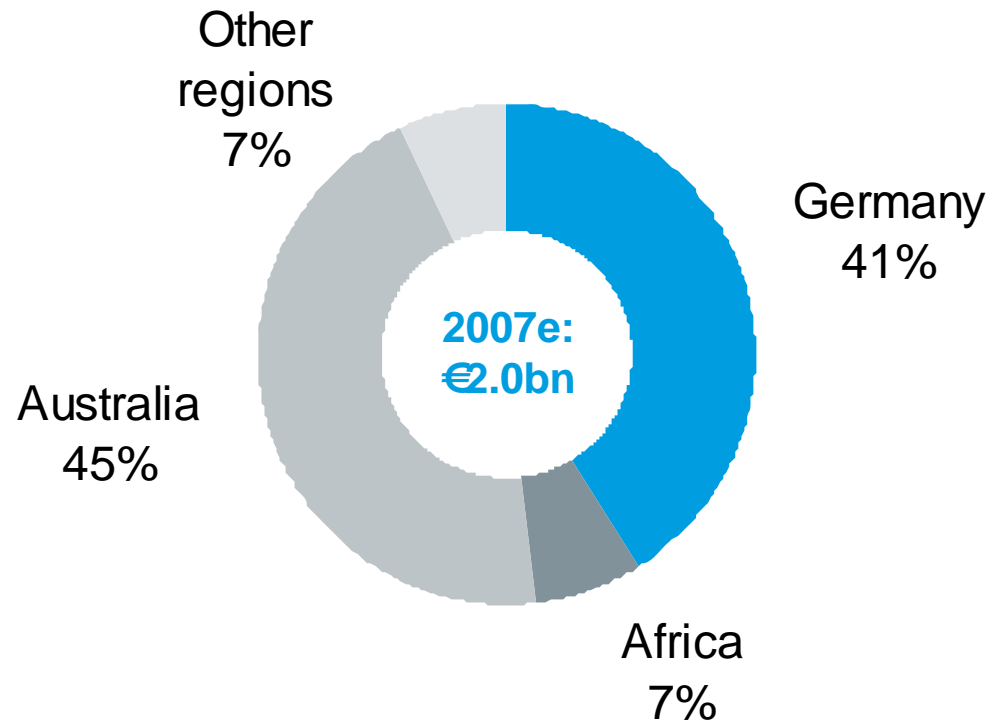

Bilfinger Berger Capital Markets Day 2007

- Property owners are increasingly looking for a comprehensive solution, not just for a contractor or a janitor
 - Cost awareness is not limited to construction costs only, life-cycle costs are key
 - Multi Service Group's expertise is a competitive edge against one-dimensional providers
 - Structural changes in our clients' business – for example through outsourcing – lead to further opportunities
 - Analyzing the entire life cycle of buildings delivers cross-selling opportunities
- Building construction and Facility Services in Germany:
Two strong players and a joint market presence

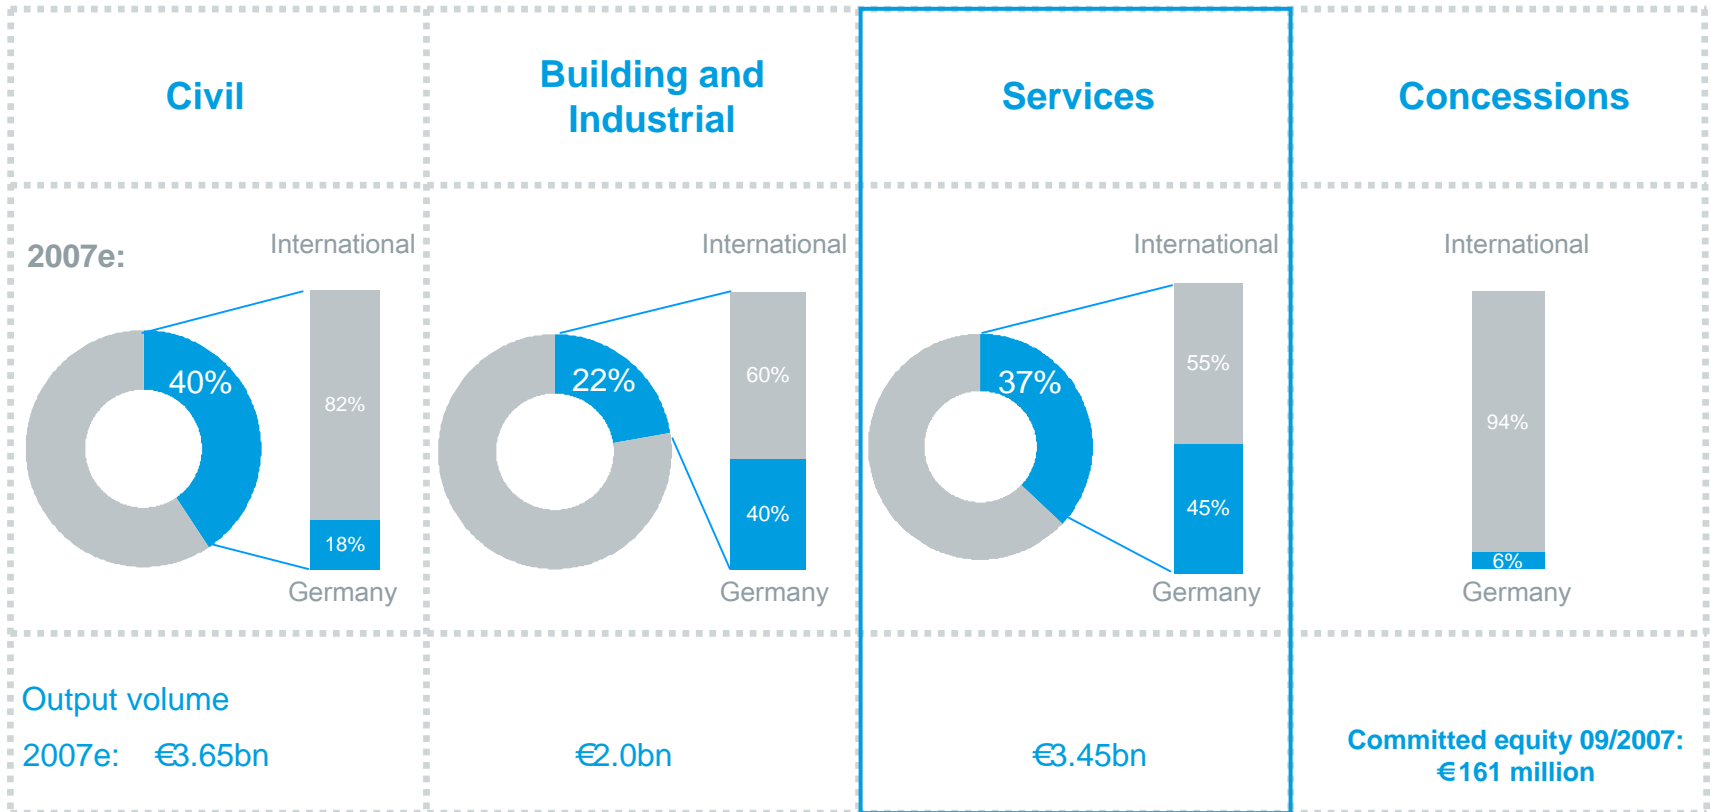

Structure of the business segments

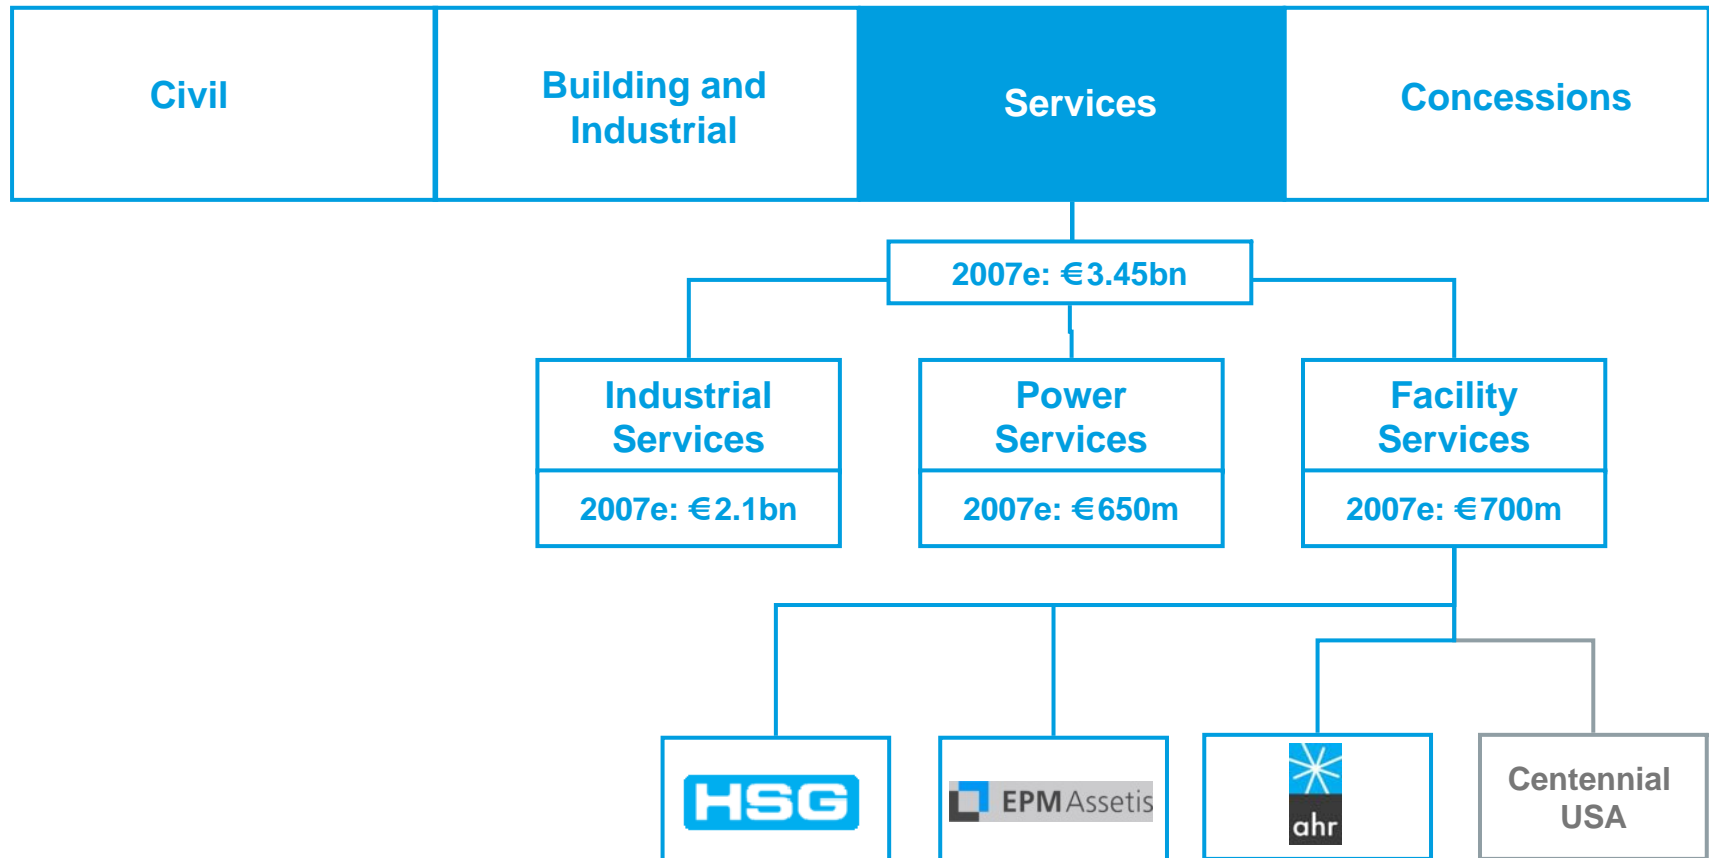

Building and Industrial worldwide Expected output volume 2007
